

CHARLOTTESVILLE T'AI CHI CENTER
International Cheng Ming Martial Arts Association, East Coast

Scholarship Application Form

Thank you for taking an interest in scholarship for a class with Charlottesville T'ai Chi Center. We try to accommodate as many students as possible within our budget constraints. A percentage of our gross income each term and/or donation made to our scholarship fund from the community goes towards full and partial scholarships because we want to share the gift of T'ai Chi as widely as possible. If you will do us the favor of answering a few short questions, we will be better able to serve you. Please use the back if you need more space.

1. Please briefly describe why you need financial aid. There is no need to give exact figures. We are looking for a broad overview to give us a feeling for your current level of financial need. Please let us know how much, if any, of the course fee you can afford.

2. In offering financial aid, we are making a commitment to our award recipients. In return, we would like for our award recipients to be committed to their area of study during their award period. Please briefly describe your level of interest and commitment in the class for which you are being considered.

I understand that if I accept this financial aid, I am expected to have a high level of commitment.
